

## SPECIFICATIONS

### General Information

- Designed to seal openings between racks in both new and existing data center aisle designs to block bypass airflow and maximize cooling system efficiencies
- Non-particulating tape is safe for the data center and ensures a durable seal between the racks/enclosures
- AisleLok products are compliant with directive 2002/95/EC of the European Parliament and the Council on Restriction of the Use of Certain Hazardous Substances in Electrical and Electric Equipment (RoHS)
- Time release expansion allows product installation without disturbing cables
- More than doubles in thickness after expansion.
- Conforms to non-uniform spaces when completely expanded
- Compact size for easy portability
- Durable Acrycell sealing tape is both temperature resistant from -40 to 212° F (-40 to 100° C) and fire resistant to DIN 4102 Class B1

## DIMENSIONS

- Available Size
  - .5" Sealing Tape - .20" compressed, .50" expanded, .39" width, Tate P/N K10108-001
  - 1" Sealing Tape - .47" compressed, 1.0" expanded, .59" width, Tate P/N K10108-002
  - 2" Sealing Tape - .87" compressed, 2.0" expanded, .98" width, Tate P/N K10108-003

## FINISHES

- Color – Black

## MOUNTING

- Single sided pressure sensitive tape with durable and field tested adhesive backing
