

Power Control and Over Current protection

Modular AC Power Output at Low Voltage

Multi Voltage Power Input

Modular Connector allows for daisy chaining of up to 16 SmartAire™ units

SmartAire™ Power Module Feed	
Voltage	Outlet Requirement
120V	NEMA 5-15R
240V	NEMA L6-15R
277V	NEMA L7-15R

6' Power Cord Provided – IEC C-14 Inlet

SPECIFICATIONS

General Information

- Unit Provides Power for 16 SmartAire™ Units
- Multiple voltage inputs available
- Provides 24V AC output
- Over current protection
- Can be installed below raised floor
- Power Cord Included
- 10.2"x3.7"x14.0" – 16 Output Unit

OPTIONS

Voltage	Part No.
120V	15056
240V	15057
277V	Contact CS

REQUIRED COMPONENTS

- SmartAire™
